2x VOLVO PENTA KAD 44 EDC. Unique and quality vessel, from a day trip to a water sports vacation!.

Accountmanager

Diederik van Wijngaarden

Description

Very neat Cranchi Endurance 39 which is technically in perfect condition (demonstrable).

When you step onto the Cranchi on the aft deck you immediately experience the spacious stern where there is plenty of space. The large sun deck aft, suitable for two people makes you not want to leave when the sun is shining!

Underneath this sun deck is the garage. Large enough for a dinghy or of course as storage for water sports equipment.

In the outdoor lounge you will find a good u couch with table where you can enjoy the ship, culinary refreshments and conviviality. The nearby outdoor kitchen provides you with all conveniences.

The steering position is equipped with all systems close by. Thus, the ship has 2 powerful VOLVO PENTA KAD 44 EDC engines which provide enough power to easily navigate and maneuver the ship. The built-in bow thruster makes mooring in tight places just that little bit more comfortable.

For the real cruisers, this ship is equipped with in 2024 newly installed Navigation map plotter and VHF. If you have a longer course ahead make use of the Autopilot.

Entering the boat you step right into the spacious saloon. This salon has a spacious round seating bench with table. The kitchen in the side gives a spacious feeling. The spacious toilet / wet room is located in a strategic location for use when you are sailing.

The spacious rear cabin with ample closet space has a double bed.

The spacious foredeck offers the possibility for several people to enjoy water sports!
